Empowering Young Minds with Safety Awareness

27 October, 2025

Launch of the Suraksha Kavach Safety Club

Event Overview

The launch of the Suraksha Kavach Safety Club at Epistemo Vikas Leadership School marked a defining moment in the school's journey toward building a safer, more aware, and responsible student community. In collaboration with the Society for Cyberabad Security Council (SCSC) and the Cyberabad Police Commissionerate, this initiative reinforces Epistemo's steadfast commitment to child safety and empowerment.

The ceremony began with the lighting of the lamp, symbolizing knowledge and vigilance. Grade 11 student Prerna introduced the esteemed guests with confidence and poise, setting an inspiring tone for the event, while Ms. Vani Marri expressed gratitude through an eloquent Vote of Thanks, reflecting the spirit of teamwork and gratitude that defines Epistemo.

Dr. Vanitha Datla and Ms. Rashmi Srivastava elaborated on the vision and objectives of the Suraksha Kavach initiative, motivating students to take an active role in personal and community safety. They badged the committee members representing all stakeholders—students, teachers, and parents—symbolizing a united front in ensuring a secure environment within and beyond the campus.

Principal Ms. Padma inspired students to be vigilant, proactive, and empathetic, emphasizing that true safety begins with personal responsibility and extends to creating a culture of care and alertness. The Cyberabad Police team assured the school of their continued partnership and support in ensuring that every student learns, grows, and thrives in a safe and protected space.

Dignitaries, faculty, and students came together to mark this significant step toward strengthening child safety and student empowerment at Epistemo.

Our Commitment to Child Safety

At Epistemo Vikas Leadership School, child safety has always been a top priority. The school regularly conducts awareness sessions on personal safety, cyber security, and emotional well-being to ensure every student feels protected and empowered. The launch of the Suraksha Kavach Safety Club, in collaboration with SCSC and the Cyberabad Police Commissionerate, marks a significant step forward – strengthening our ongoing commitment to nurturing a safe, informed, and responsible student community.

About the Suraksha Kavach Safety Club

Ensures the safety and well-being of students – physically, mentally, emotionally, and digitally – as a key priority of the school.

Purpose:

Strengthens Epistemo's commitment to creating a culture of awareness, resilience, and responsibility among students.

Educational Integration: Activities are designed to provide age-appropriate information, practical strategies, and an understanding of the Indian legal context, while integrating with life skills and value education.

Proactive School Initiative: Empowers students and staff to play an active role in maintaining a safe and nurturing learning environment, moving beyond protection to lifelong skill-building.

Life Skills for the Future: Aims not just at preventing harm but also at equipping learners with decision-making, empathy, and self-management skills that will serve them well into adulthood.

Project SurakshaKavach aims to create a safer and more informed school environment covering the following focus areas:

Physical Safety

Cyber Safety

**Psychological
Safety**

**Infrastructure &
Road Safety**

The Suraksha Kavach Safety Club reflects Epistemo's unwavering dedication to holistic education and student well-being. Through this collaboration, the school reaffirms its vision of nurturing not only intelligent learners but also responsible, safety-conscious citizens who care for themselves and their communities.

"When we teach children to stay safe, we are not just protecting them for today — we are preparing them to protect the world tomorrow."
